Sponsorship of an event or service at CANEW is an excellent opportunity for your business to receive high profile recognition from an extremely focused group of individuals, who are employed in the airport management, maintenance, operation, construction and design areas. The airport business is very dynamic and is constantly expanding.

You may sponsor any of the above items, multiple items, or co-sponsor with others. CAEA can make co-sponsored arrangements if you require them.

All sponsorship will be recognized by appropriate signage at the event, by announcement to the delegates during the day that the sponsorship occurs, and in the delegate printed information.
